LEOVINCE LV-10

RACING DNA

The **LV-10** is the slip-on we developed in collaboration with the best Moto2 and Moto3 teams and that comes directly from our experience in MotoGP and SBK racing. We designed an exhaust system with extremely compact dimensions to grant maximum lightness, the best performance and the unmistakable **LeoVince** racing sound.

Manufactured entirely from AISI 304 stainless steel, the **LV-10** body sports a matte finishing and a laser etched **LeoVince** logo. The rear stainless steel mesh embellishes the sandblasted end cap giving an extreme racing look.

LV-10 BLACK EDITION

RACING POWER

As the LV-10 **BLACK EDITION** slip-on comes directly from the racing world, it is designed with an end cap with a stainless steel exhaust outlet mesh that gives your bike an extreme racing look.

The LV-10 **BLACK EDITION** body sports a matte black finishing and a laser etched **LeoVince** logo. Inside, high thermal resistance (1,650° F) fiberglass wool is applied through the use of a single proprietary and volumized yarn, to allow the sound-absorbing material to expand freely, without the fibers losing integrity, greatly increasing the durability.
